FATF Recommendation 12 states that FIs should be required, in relation to PEPs, in addition to performing normal due diligence measures, to:

(a) Have appropriate risk management systems to determine whether the customer or the beneficial owner is a politically exposed person;
(b) Obtain senior management approval for establishing (or continuing, for existing customers) such business relationships;
(c) Take reasonable measures to establish the source of the wealth and source of funds; and
(d) Conduct enhanced ongoing monitoring of the business relationship

FATF Recommendation 12 is applicable to family members or close associates of PEPs. It also extends the above requirements to DNFBPs.

The Wolfsberg Group's Frequently Asked Questions ('FAQs') on PEPs is a useful reference document that deals with various issues that arise when mitigating the risk associated with PEPs.
